

International Conference on NanoScience in Advanced Materials

16 Ekim 2024 arşamba - 18 Ekim 2024 Cuma
, ukurova University Adana, Trkiye

Scientific Program

Nanofunctional Materials

Materials for Energy

2D-Materials

Ceramics and Glasses

Composite Materials

Bio-Materials

Catalysis and Applications

Electronic, Optic and Photonics Materials

Magnetic and Superconducting Materials

Materials for Defense and Industrial Applications

Measurement and Evaluation Techniques

Metamaterials

Modeling and Simulation Methods of Materials

Polymers
